

Environment Officer: Role Description

Responsible to:

Swansea University Students' Union membership on environmental issues and the Union's environmental behaviour and approaches to environmental issues.

Mission:

The role of the executive member is to recognise and represent the views of those students at Swansea University Students' Union executive level. It is expected the Environment Officer will review and update the ethical procedures of the Union while campaigning for a more ethical approach by the Students' Union and University.

Main Duties & Responsibilities:

The Environment Officer will work closely with the Full Time Officers and full time staff to help highlight, research and campaign on sustainability and environmental issues in the University and Students' Union.

It is expected that the Environment Officer will work closely with the Ethics Officer to raise awareness about ethical and environmental campaigns that cross.

It is expected that the Environment Officer will work closely with the Green Impact Working Group to help achieve accreditation.

It is expected the Environment Officer will keep up to date with the work done nationally by environmental issue pressure groups, environmental issues campaigns, as well as NUS and local and national government policy.

It is expected the Environment Officer will promote the message of the Union and encourage students with an ethical issues interest to get involved in the Union.

As a member of the executive team it is expected that the Environment Officer will attend executive officer meetings as well as Student Forum's, at which the officer can feed back to membership.

Develop useful connections between individuals and student groups, that may help to increase involvement in campaigning and lobbying for improved environmental practices in the Union and University.

The Environment Officer will be a key member in the Campaign Forum.
